

BVM C SAFETY CLAMP

The BVM "C" Safety Clamp is designed to handle drill collars and tubulars with flush joints or low profile shoulders. If the load is increased or the pipe is dropped the BVM web shaped dies will grip tighter. BVM "C" Safety Clamp comes in sizes to fit pipe sizes from 3 3/4" to 43". The "C" Safety Clamp is made from alloy steel, heat treated and magnetic particle inspected. All steel specifications are certified.
